La Plata Students and Families,

I appreciate the support from staff, students, and our community as we dealt with the serious situation on Tuesday. La Plata High School along with many other buildings in the school system is seeing an increase in misuses of social media that have caused additional issues in school. Dr. Navarro sent an email out to secondary families on Wednesday that I have included in our newsletter. We would appreciate parents reviewing the information in Dr. Navarro's letter to make sure it is understood that creating accounts to bully or misrepresent someone is hurtful and possibly illegal. If students or parents have questions or concerns regarding the letter please reach out to any member of my administrative team.

The 2nd quarter interim reports will be available on StudentVue and ParentVue on Monday, December 13th. Student attendance and being prepared for each class is a very important part of student success in the classroom. Parents please remind students to make sure their laptops are fully charged and updated regularly. In addition please take a look at your student's attendance in ParentVue and contact the teacher, grade level administrator or school counselor if you have any questions. Attendance is taken each period. Any general attendance questions can be directed to Mrs. Alcorn. The deadline for senior dues was today. Due to Ms. Bowie being out if seniors need to pay next week please see Mr. Dolan with your dues.

The La Plata Support Team which consists of administrators, school counselors, our PPW, and the school nurse is available for students and families. This team helps with COVID questions and assists students to stay up on their studies. Mrs. Birmingham, our PPW is the point of contact for the school team. Information can be found on our website under the COVID-19 Procedures tab at the top of the page and then under the link for LPHS Continuity of Learning for Quarantined or Isolated Students.

Please take time to look at the information presented in this newsletter. If you need additional information or support for anything you do not see in the newsletter please reach out to your grade level administrator or school counselor. We appreciate your support. I hope you have a good weekend.

Sincerely,
Douglass Dolan
Principal

Dear Parents and Guardians:

In recent weeks, Charles County Public Schools (CCPS) has received an increase in reports about the inappropriate use of technology by middle- and high-school students. This includes students using cell phones to record videos of others in schools or on the bus, and the sharing of these videos on social media, through text messages or in group chats. Students are also creating social media accounts just to share videos or images that embarrass others, highlight inappropriate behaviors or contain sensitive topics. Often, we learn of rumors or school-related threats because a student or parent has reported troubling content shared on social media. CCPS and school administrators need your help in addressing these issues.

We recognize that behavior expectation conversations start at home with parents or caregivers, and their children. CCPS cannot control what students post online or on social media. However, when these behaviors affect the school setting, disrupt instruction or happen during the school day, we address and investigate as quickly as possible. These investigations typically involve a collaborative effort between the CCPS Office of School Safety and Security, the Charles County Sheriff's Office and school administrators. We also contact social media providers and request for accounts to be shut down. CCPS has no authority to take down or remove public social media accounts, posts or content. Parents, students and community members should report any inappropriate posts or content to the social media provider.

The CCPS *Code of Student Conduct* outlines disciplinary consequences for students who violate school rules and policies. Violations can include unlawfully recording video or taking photos of others without consent, unauthorized access to technology and/or fighting at school. During recent investigations into fights at schools, students report that conflicts are starting on and/or are fueled by social media. These conflicts then negatively impact the school community when students see each other at school.

School administrators work diligently to provide students and families with conflict resolution and mental health strategies and supports. All schools have staff available such as counselors, psychologists and pupil personnel workers who work daily with families to provide extra supports for students. On our end, we are addressing these issues in school with our students. But we also need your support in having these conversations with your child and emphasizing that inappropriate behaviors come with consequences.

I ask that you talk to your child about the appropriate use of technology and social media. This includes monitoring your child's technology use and social media accounts regularly so you are aware of the content your child may be creating, accessing or sharing with others. I encourage you or your child to report to a school administrator or staff member any viewed or known threat to school safety, including social media content that may disrupt the school community.

If you or your child are concerned about confidentiality, please use the CCPS anonymous See Something, Say Something reporting tool posted online at <https://www.ccboe.com/index.php/see-something-say-something-ql>. Thank you for your continued support of our school communities. It is important we work together to ensure our schools are safe for all students and staff.

Sincerely,

Maria V. Navarro, Ed.D.
Superintendent of Schools
